

I sprained	my ankle	playing football
She got	a stomach ache	from eating too much
He broke	his leg	in a skiing accident
We all got terrible	diarrhoea	after eating from a dirty street stall
She gets hay	fever	every spring
I've got a blocked up	nose	and a sore throat
He got really bad sun	burn	when he fell asleep on the beach
You'll have a heart	attack	if you don't stop worrying
She's allergic	to all kinds of	seafood
I've thrown	up twice this morning	I must have eaten something
She got an ear	infection	after going to the swimming pool
I get an itchy	rash	if I eat shellfish
