

is really good in it.	It came out	about a year ago	Who's in it?
Angelina Jolie and George Clooney.	It's based on	a true story.	It's on at
the Palace Cinema in George Street.	What's it about?	Well, there's this girl from a poor family and she wants to become a boxer.	It's set
In America in the 1920s.	The special effects	are absolutely amazing.	The dialogue
is really good. There are some great lines.	The acting	is a bit wooden at times.	I think it works because the chemistry
between the actors is really good.	The plot is	really complicated. I got lost once or twice.	Samuel L Jackson
